## EDUCATION

**Western Washington University**, Bellingham, WA

M.S. Computer Science, March 2016 – Research Area: Web Application Security

B.S. Computer Science, June 2014 – Minors: Mathematics, Embedded Systems Engineering

## EXPERIENCE

*Co-Founder* – **CodeLily**

Bellingham, WA | <https://codelily.education> | Nov 2014 - Present

CodeLily is a web development education studio.

- Responsible for web site and server management
- Using the MEAN stack (MongoDB, Express, AngularJS, NodeJS) and Nginx

*Graduate Teaching Assistant* – **Western Washington University**

Bellingham, WA | <https://cse.wvu.edu/computer-science> | September 2014 - Present

- Grade and comment on one hundred lab submissions per week
- Work with professors and other TA's to critique, plan, and improve the lab experience
- Classes: Intro to Robotics, Computer Programming I & II, and Functional Programming

*Director of Engineering* – **Uzility**

Bellingham, WA | <https://uzility.com> | December 2013 - November 2014

Uzility was a start-up company building an agile software management solution.

- Developed a web-based Kanban system
- Practiced lean start-up methodology and agile software development
- Front and work in HTML, JavaScript, CSS/LESS. Back end work in PHP and MySQL

*Undergraduate Teaching Assistant* – **Western Washington University**

Bellingham, WA | <https://cse.wvu.edu/computer-science> | September 2011 - June 2014

Same responsibilities as a graduate TA with fewer students.

*Software Engineer* – **Brer Technical Inc.**

Bellingham, WA | <http://brertechnical.com> | Spring 2012 - Spring 2014

- Developed C# API's for hardware communication via serial IO.
- Principal architect for a business management system centered on the MFI test procedure.
- Designed and implemented an event based (concurrent) testing interface with real time data collection and visualization.

*Devops Web Developer* – **Logos Research Systems**

Bellingham, WA | <https://logos.com> | June 2013 - January 2014

- Developed and maintained an internal Ruby on Rails site housing database and server management tools.
- Tools included RabbitMQ message replay, MySQL cluster dashboard, server patch dashboard and MySQL schema migration dashboard.

*Research Assistant* – **Western Washington University**

Bellingham, WA | <http://geometrictomography.com> | August 2011 - June 2013

- Data processing, GUI design and algorithm implementation in Matlab.

## AWARDS

- Technology Alliance Group: Nominee for Tech Influencer 2014
- WWU Computer Science Citizenship Award 2014
- Technology Alliance Group: Technology Leader of Tomorrow, Dec 2013
- WWU Computer Science Citizenship Scholarship, 2013
- Logos Bible Software Scholarship, 2012
- Dealer Information Systems Scholarship, 2011

## ACTIVITIES

- Events Committee Member: Technology Alliance Group (Fall 2015 - Present)
- Director of Activities WWU ACM (Fall 2014 - Present)
- Activities Coordinator WWU ACM (Spring 2013 - June 2014)
- CCDC/Cyber Defense Club (Fall 2012 - Spring 2013)
- Jr. Supervisor Bellingham A.I. and Robotics Society. (Winter 2011 - Winter 2013)
- WWU ACM mentor. (Spring 2013)
- President: Western Student Robotics Club (Fall 2010 - Spring 2012)
- Vice President: Institute of Electrical and Electronics Engineers WWU Chapter (Fall 2011 - Spring 2012)
